Rule 9-1-a Note 2 A pause allowed during a windup delivery only

Rule 9-1-a-Note 2 on page 87 indicates that the pitcher can pause during his delivery from the windup position without penalty. There is not any mention of allowing a pause when using the set position, regardless of the number of base runners. 9-1-b (last sentence) specifies “any natural motion associated with the pitch commits the pitcher to the pitch without alteration or interruption.”
